

PROVINCIAL UPDATES FOR THE HEALTH CLUSTER MEETINGS

Dr. Binod Bindu Sharma
Health Directorate
Gandaki Province

NEW UPDATE FORM THE PROVINCE

- Laboratory software for data recording and automatic report dissemination initiated.
- Contact details of Doctors and Nurses from each District Hospital submitted to National Health training center for critical care training.
- Web based reporting from District Initiated
- Health Partners coordination and supports discussed.
- Trained MELAN members in Districts on Laboratory (sample collection and transportation)
- Budget breakdown for ICCU setup in Districts

ISSUES/CHALLENGES

- Complete Human Resource in Hospitals
- Transportation (samples/patients) from Districts for severe cases
- Daily reporting (Timeliness and completeness)
- Management of PPE usage
- Regular uninterrupted transportation of samples from District Hospitals

NEEDS

- ICCU Beds and Equipment in District Hospitals
- VTM/RDT in Districts
- PPE and N95 Masks
- Human resource (only 60 – 70% of human resources in sanctioned post)

ANY INNOVATIVE APPROACHES IN THE PROVINCIAL RESPONSE TO COVID-19

- Laboratory software for data recording and automatic report dissemination initiated.
- Web based reporting from District Initiated
- Province made protocol (with expertise from each fields) for Laboratory, hospital management of COVID-19 cases.
- Hello Doctor (toll free number 1092 established).

WAY FORWARD

Issues	Actions to be done	Responsible Authorities
Inadequate Human Resource for ICCU	ICCU setup and usage of ventilation training package planned for all Districts Hospitals	MoSD/Health Directorate/NHTC
Ensure the absence of COVID-19 cases in Province	Strengthen surveillance (Reporting and regular inquiry from PHEOC)	MoSD/Health Directorate/Health Office
OPD Service	Continuation of OPD	MoSD/Health Directorate/Federal Government

THANK YOU
