

HEALTH IN THE SDG ERA

How "Health" is conceptualized in SDGs ?

How "Health" is interlinked with other SDGs ?

Health Targets in SDGs

SDG3: Ensure healthy lives and promote well-being for all at all ages

Target 3.8: Achieve universal health coverage, including financial risk protection, access to quality essential health-care services, medicines and vaccines for all

MDG unfinished and expanded agenda	New SDG3 targets	SDG3 means of Implementation targets
3.1: Reduce maternal mortality	3.4: Reduce mortality from NCD and promote mental health	3.a: Strengthen implementation of framework convention on tobacco control
3.2: End preventable newborn and child deaths	3.5: Strengthen prevention and treatment of substance abuse	3.b: Provide access to medicines and vaccines for all, support R&D of vaccines and medicines for all
3.3: End the epidemics of HIV, TB, malaria and NTD and combat hepatitis, waterborne and other communicable diseases	3.6: Halve global deaths and injuries from road traffic accidents	3.c: Increase health financing and health workforce in developing countries
3.7: Ensure universal access to sexual and reproductive health-care services	3.9: Reduce deaths from hazardous chemicals and air, water and soil pollution and contamination	3.d: Strengthen capacity for early warning, risk reduction and management of health risks

Interactions with economic, other social and environmental SDGs and SDG17 on means of implementation

SDGs and Nepal Health Sector Strategy 2015-20

Health SDG areas	Provision in NHSS (What/Where/How)
Health system strengthening	Outcome 1: Rebuilt and strengthened health systems: Infrastructure, HRH management, Procurement and Supply chain management; Outcome 5: Improved sector management and governance; Outcome 6: Improved sustainability of health sector financing
Non-communicable diseases, mental health, substance abuse, road traffic accidents	Outcome 7: Improved healthy lifestyles and environment ; Goal indicators: Life lost due to road traffic accidents; Suicide rate per; DALYs lost due to non-communicable and injuries
Communicable diseases – HIV, TB, Malaria, NTD, hepatitis, water-borne diseases	Strategic intervention: Collaborate with other sectors to enforce standards for air, water and food quality; Expand water quality surveillance; DALYs lost due to communicable diseases; Outcome indicator on Immunization coverage to prevent communicable diseases
Universal health coverage	UHC is central focus of the strategic direction and approaches, Chapter 6 outlines – basic health services*, social health protection arrangements, service delivery tier
Women's and children's health	Most of the elements of Basic health service package are targeted to women's and children's health ; 6 out of 10 goal indicators and 4 out of 6 outcome (service utilization) are specifically targeted to women's and children's health
Socio-economic determinants of health	Multi-sectoral approach to address socio-economic determinants of health Outcome 7: Improved Healthy Lifestyles and Environment
Addressing health risk factors	Outcome 7: Improved Healthy Lifestyles and Environment

* (immunization 6 antigens, IMCI, Ring pessary insertion, OCMC, VIA-CaCx, Counseling services (FP, SM, Neonatal, Child health, PMTCT, Nutrition, GBV), Micro-nutrient supplements, ANC, Delivery, PNC, Mgmt of Post delivery complications, FP)

The 2030 Agenda for Sustainable Development heralds a new era for global public health, offering the opportunity to strive for a global development agenda of unprecedented scope and ambition.
